CHILDREN THRIVE
AT THE YMCA

The YMCA is a leader in early childhood education, providing a welcoming, transformative and fun environment where every child is nurtured and encouraged to learn, play and thrive. Y Academy is curriculum-focused and family-centered, teaching skills for school-readiness and success, along with curiosity, confidence and values children bring with them throughout their lives.

A COMMITMENT TO THE WHOLE CHILD

Y Academy uses “The Creative Curriculum,” the leading whole-child preschool curriculum built for early childhood educators. Instruction and one-on-one interactions focus on inquiry, exploration and discovery as the foundation of all learning. The curriculum is research-based and proven to improve Kindergarten-readiness and deliver positive outcomes. And it aligns with Colorado’s “Results Matter” learning guidelines and the Head Start Early Learning Outcomes Framework.

The Y Academy curriculum is designed to nurture every aspect of children’s well-being, supporting social-emotional, cognitive and physical development. We care about overall health of the spirit, mind and body.

A PART OF YOUR FAMILY

It’s said it takes a village to raise kids, and with Y Academy, you know your village is skilled, caring, kind and dedicated to the best interests of you and your child.

Y Academy instructors undergo ongoing training and professional development, and they are known for their commitment to kids and community. Turnover at Y Academy is low, and Y Academy teachers become important people in every child’s life and true partners with parents and families.

“The teachers are wonderful, very hands-on and truly engaged. The staff seem genuinely happy to be there everyday and that early childhood education is not just a job but an actual calling. Our kiddos are so happy and we know they are in amazing hands.”

—Brigitte, Preschool Parent
