

HELP KIDS AND SAVE ON YOUR TAXES

Colorado Child Care Contribution Credit

With your donation to the Denver YMCA, you can take advantage of the Colorado Child Care Contribution Credit, a program that will enable you to give more and receive something in return.

The Colorado Child Care Contribution Tax Credit Program encourages greater private support of Colorado child care programs to increase the quality and availability of child care by offering donors to qualifying child care organizations, including the Denver YMCA, with a 50% tax credit. As a result, half of your donation to the Denver Y is offset by a reduction on your Colorado income taxes.

Help increase the quality and availability of child care in metro Denver through CCCC:

- Donor must designate that the gift is for the Colorado Child Care Contribution Credit on check, online or by email.
- Both individuals and corporations can take advantage of the credit.
- Only monetary donations directly to the Denver YMCA are eligible. In-kind gifts, gifts from third-party websites, gifts of stock or others securities are not eligible.
- Donors may not receive any goods or services in return for their contribution.
- The maximum credit you may take in any one year is \$100,000 or your actual Colorado income tax liability for the year, whichever is less.
- In the case of donations associated with events, only the deductible portion of the gift, reduced by the value of goods and services received, is eligible.
- Donors can receive the tax credit even if they do not itemize.
